RE: Georgia-Pacific Gypsum LLC
Gypsum Quarries 2009 Annual Reports for
M-041-009, M-015-072, M-015-050

Dear Mr Haddock:

Attached are the 2010 annual reports for Georgia-Pacific Gypsum LLC's gypsum quarries. Each report has updated maps attached. The Hebe and Eagle Canyon (Moore) Quarries were reclaimed in 2008 and seeding completed in 2009. Reclamation and seeding of the Crescent Quarry, also referred to as the Georgia-Pacific Quarry, was completed in the 1st quarter of 2010. I inspected all three quarries in late June of 2010. The Hebe and Moore quarries were showing good vegetation growth in numerous areas and the Crescent was just starting to show some vegetation growth.

Please contact me if you have any questions or need additional information. Thank you.

Sincerely,

Thomas C. Brooks
